

# Make Waves

*at Your Library*

TEEN SUMMER READING PROGRAM 2010

Calling all dudes, dudettes, gadgets and kooks! If your summer seems endless, grab your board and join the party wave at your local library. Share your reviews of books, talking books, cds, library programs or even a movie you borrow from the library. **(And earn a chance to win an 8 G iPod Nano!)** If your review is choka, it may get posted on the library website. The surf starts rolling after school is out and the waves will continue to break until August 14, 2010!
