Rocks, Minerals, and Fossils

All ages are invited to learn about rocks, minerals, and fossils on Wednesday, August 11, from 2 – 3 p.m., at the Jacksonville Branch Library, 340 West "C" Street.

John Jackson will present mineral displays and items used in everyday lives that are made from rock. Mr. Jackson will also discuss the effects of water on rock.

This program is sponsored by the Friends of the Jacksonville Branch Library. For more information, please contact the Jacksonville Branch Library at 541-899-1665.
