Babies groups are a gentle story and rhyme time especially for prewalking babies, ages 0-12 months. Parents, caregivers, and siblings are welcome, too. Wobblers groups are designed for those 12-24 month-old babies who are up and running. This program includes a lively storytime, rhymes, and simple music and games. The Toddlers group is for children who enjoy sitting on laps for stories but are not quite ready for preschool storytime.

For more information about any of these programs please call the Ashland Children's Department at 541-774-6995.
